**Re: 2009 – 2010 Qualified Allocation Plan – Updated Appendix F – QCTs, DDAs, and Areas of Chronic Economic Distress**

---

On October 6, 2009 HUD released Federal Register Vol. 74 No. 192, which designates “Difficult Development Areas” (DDAs) and “Qualified Census Tracts” (QCTs) for purposes of the Low-Income Housing Tax Credit (LIHTC) under Section 42 of the Internal Revenue Code of 1986. HUD makes new DDA designations annually and is making new designation of QCTs at this time based on revised metropolitan statistical area definitions published by the Office of Management and Budget.

An updated Appendix F – QCTs, DDAs, and Areas of Chronic Economic Distress can be found on the [IHCDA website](#).

Additional information can be found on [HUD’s website](#).
